

# NEW: EZ BALLAST

THE NEW EZ BALLAST ENABLES OPTIMUM BALLASTING OF YOUR TRACTOR

EZ Ballast is especially beneficial to farmers and contractors who frequently need to switch between field and road applications. You can add or remove the 1.7 tonne weight in seconds, at the touch of a button, without needing to step down from the cab.

**JOHN DEERE**

NOTHING RUNS LIKE A DEERE

# ADD HEAVY BALLAST – WITH A LIGHT TOUCH

- A 1.7 tonne ballast weight is attached to the bottom of the tractor in seconds
- Keep the recommended front and rear weight split of the tractor
- Front/rear hitches remain free for other implements
- Fast, safe and easy operation right from the tractor cab
- Releasing the ballast will save transport fuel cost and increase the payload on the road
- Adding the correct amount of ballast will increase the productivity in the field

BALLAST.**

**THE OPTIMUM BALLASTING OF THE  
TRACTOR FOR FIELD AND ROAD  
APPLICATION WITHIN SECONDS.**

## **1. DRIVE OVER THE WEIGHT**

There's no need to step down from the cab.

## **2. PICK UP THE WEIGHT**

Simply use the dedicated control panel and the ballast is raised to the undercarriage (connected to existing Power Beyond system). A safety device will ensure un failing locking.

## **3. DRIVE OFF**

Releasing the ballast is just as simple and will save transport fuel costs

EZ BALLAST IS COMPATIBLE WITH ALL 7R SERIES TRACTORS AND IS PRODUCED, SOLD AND MAINTAINED BY OUR ALLIED MANUFACTURER LAFORGE.
